

# Yare Cup Safety Notes: 2010

It is the duty of all competitors to abide by the ARA Water Safety Code.

Special notice should be given to the following for The Yare Cup.

- **Boats will be turned back if they do not reach the Control Point (marked on the map) before 10:10am for the first Division and 13:10 in the second.**
- In the event of a red flag being shown racing will be suspended.
- The use of a white flag indicates a warning and competitors should do as instructed or be suspended.
- We are unable to close the river to navigation so it is the responsibility of all competitors to stick to the rules of the river.
- It is the duty of competitors not to impede the progress of other competitors. To this end the overtaking boat has the right of way.
- Umpires and Race Monitors will record instances of boats being impeded and penalties will be imposed.
- In the, unlikely, event of a thunderstorm all competitors will be required to make their way to the closest bank as quickly as possible and get out of their boat. Leave oars and sculls behind, find a location away from trees and stay low to the ground. The race committee will use the 30:30 principle for either re-starting or cancelling further racing.

**Enjoy your day's racing and stay safe!**

# Yare Cup Timings
